Statement on the terrorist attack in Finland

The Diaspora organization of the Syrian Democratic People's Party expresses its sincere condolences to the families of the victims, the friendly Finnish people and its esteemed government, to the Spanish nation and its government also, and declares that it rejects and condemns all the terrorist attacks, which affect the innocent people in the world .

At the same time, our organization affirms that our nation, that has been suffered, as a result of the State terrorism of Assad, his allies and puppets, has lost hundreds of thousands of victims, really feels the pain and sorrow of the friendly Finnish people in these difficult times .

The fight against those terrorist organizations requires the cooperation and solidarity of all democratic forces in the world. This struggle also requires the cooperation and unity against authoritarian regimes such as the bloody regime in Syria and the theocratic regime in Iran that directly and indirectly support the international terrorism.

Our sincere condolences to the friendly Finnish people

With the desire for quick recovery to all injured
